The Jack Sandretto Memorial Scholarship Fund was established by a generous donation to the Gratiot Lake Conservancy by Rebecca Sandretto. Each year, one scholarship is awarded to a local student to participate in educational programs at the Gratiot Lake Conservancy Preserve. The scholarship, valued at $895, includes: tuition for a student to attend the Aquatic Ecology Field Study; meals; and lodging at the rustic Noblet Field Station to accommodate program activities. The field study is a Summer Youth Programs exploration hosted by Michigan Technological University in collaboration with the Gratiot Lake Conservancy.

While many scholarships are based on grade point averages, there are other criteria on which organizations choose to base their scholarships. With this particular scholarship, we are looking for a student who has a genuine interest in the exploration, along with a personal interest in the field of Ecology. It should also be noted that, when possible, students from the Keweenaw Peninsula of Michigan’s Upper Peninsula are given preference for the award.

Applications for this scholarship must be received by the Michigan Tech Center for Pre-College Outreach no later than May 1, 2018. Please include an attachment with your name on it as well as a short essay (approx. 200 words) to explain your interest in ecology and why you feel that you should be awarded this scholarship. Applications received after May 1 may not be accepted. Return all completed materials to:
