# WOMEN IN AUTOMOTIVE ENGINEERING

## Michigan Tech Summer Youth Programs

WOMEN IN AUTOMOTIVE ENGINEERING WILL BE HELD ON THE CAMPUS OF  
MICHIGAN TECHNOLOGICAL UNIVERSITY JULY 23-29, 2017.

*THIS IS YOUR OPPORTUNITY TO LEARN ABOUT  
AUTOMOTIVE ENGINEERING AND EXPERIENCE UNIVERSITY LIFE.*

### PROGRAM INFORMATION

In this exploration, you'll investigate engineering careers in the automotive industry, including mechanical and electrical aspects.

- Explore engineering with our mechanical engineering department, tour student design team labs, and learn the expanded basics of engines and other vehicle technology.
- Hear from female role models working in engineering fields.
- Work in teams to solve engineering problems and complete engineering projects.
- Learn about the college application process and tips for succeeding in university engineering programs.
- Experience college life—stay in a residence hall, explore campus, and meet other young women with similar backgrounds and interests.
- Enjoy team competitions, a variety show, and outdoor activities in Michigan's beautiful Keweenaw Peninsula.

Arrangements can be made for you to speak with faculty from disciplines or areas of special interest, as well as admissions and financial aid staff. If this interests you, please let SYP staff know.

### HOW TO APPLY

The application deadline is 5 p.m., Monday, April 10, 2017. Late applications may be considered if additional scholarships become available. You can also apply online or download additional applications at [syp.mtu.edu](http://syp.mtu.edu). Send in your completed **application**, including a **teacher recommendation**, the required **short responses to questions**, and a copy of your **unofficial school transcript**.

### COST

The nonrefundable registration fee of \$295 is due within 10 days of being accepted into the program. **Do not send in your payment with your application.** If accepted, we must receive your registration fee to complete your enrollment and guarantee your spot. All selected participants receive a scholarship valued at more than \$1,000, which covers all tuition, classroom supplies, and room and board.

### TRANSPORTATION

You are responsible for your own transportation. Travel accommodations and charter bus information are included in the information you will receive once you are accepted.

### SELECTION CRITERIA

Participants are selected on a competitive basis. It's helpful to have a strong background in math and science and an interest in technological studies. Preference will be given to applicants entering 11th or 12th grade who have had two years of high school math and one year of chemistry. However, outstanding younger students and those without these prerequisites will be considered. The selection committee also reviews involvement in extracurricular activities and outside interests or responsibilities, short responses to questions, teacher recommendations, and school transcripts. Neatness, accuracy, and following directions will also be considered. The selection committee meets one week after the deadlines to review applications.

## PLEASE TYPE OR PRINT YOUR SHORT RESPONSES TO THE QUESTIONS BELOW ON A SEPARATE PIECE OF PAPER.

Be sure to put your full name at the top of the page and that you are applying for the Women in Automotive Engineering.

1. List the courses you are currently taking and the courses you plan to take next year in high school or college.
2. Describe your goals for the next five years and the next 10 years.
3. List any extracurricular activities, hobbies, or community organizations you are involved in.
4. Write a brief statement (**150 words or more**) discussing why you would like to attend this program and what you would like to gain from this experience.

## TEACHER RECOMMENDATION LETTER

Women in Automotive Engineering is a highly competitive scholarship program that offers participants the chance to explore many fields of engineering. Students should be recommended to attend if you believe they have the aptitude to engage in technological studies and would benefit from this experience.

Have your high school science or math teacher write you a letter of recommendation; include it with this application.

## SCHOOL TRANSCRIPT

Enclose your most recent transcript (unofficial versions are accepted) of your high school course work through the first semester of this year. If your school uses a grading system other than the 4.0 scale, send an explanation of the method with the transcript.
